

## THE "HI" HENRY JIG IS UP

### ANYTHING NOW TO BEAT BROWN CARTER AND HIS WORK

The Civic Federation, or Hi Henry, campaign this afternoon apparently degenerated into a desperate effort to elect J. M. Poeppoe Sheriff of the county of Oahu, with the necessary accompaniment of the Home Rule Board of Supervisors. Many of the Civic leaders and no intention of lending themselves to such a scheme, but when the Achi and Fern following began to get their instructions to vote for Poeppoe, it turned what strength the Civics had towards all the Home Rulers. Governor Carter and his following have apparently taken the chance of turning the affairs of Oahu county over to Poeppoe et al.

Republican indignation ran high at the turn of affairs, but in both districts there were indications that the Republican vote was going to be strong enough to stand even the new sudden move to destroy it.

Senator Achi was seen this afternoon and denied that he had switched. Henry declared himself still in the fight. In spite of these denials, however, the actual work in the Fifth showed the effect of the change. It was not to be expected that any of the Civics would admit that they had become supporters of Poeppoe.

Many Civics admitted that Henry was out of the fight this afternoon. In fact it was this showing of impossibility of succeeding with Henry that caused the surrender at about ten o'clock in the morning, and the change by Civics to the support of Poeppoe. On the other hand there were some Civics who held on basing their action on Henry's declaration that he was still in the fight. This was welcomed by Brown men. In fact this afternoon Brown men are actually trying to hold the Civics in line. At one Fourth

district polling place one of the Brown runners actually argued with a Civic voter to stick to Henry, as long as would not come over to the Republicans, rather than join the slump to Poeppoe. The idea was that while a vote for Henry was lost to Brown, it was merely neutral. On the other hand a vote for Poeppoe would count against Brown in a possibly close run. The voter in question, admitting that he was throwing his vote away, cast it for Henry. He was pledged to the Civics.

Voting is rather slow throughout the Fourth this afternoon. The party runners are reaching the stage of sending for voters who fail to turn up. Both sides are remarkably quiet—but both are ready to make and insist upon their claims of victory.

Henry's supporters threw up the sponge early this morning—or at least enough of them did to make an important change in the situation and with the spirit of "Anything to beat Brown," they tried to lead their followers to vote for Poeppoe. The news spread some alarm among Republicans, who knew already that their man had a strong foe in Poeppoe, but at noon there was a revival of enthusiasm all along the line. A visit to the Fifth District, where the reported throwing up of the sponge took place, showed Brown enthusiasm at a high tide. Poeppoe men also making strong claims and the Civic Federation out of sight.

The report of the withdrawing of Henry was due to a speech made by Senator W. C. Achi, who has been a worker for the Civic Federation. Joseph Fern, according to the report, was in the same class. Both of course denied that they had changed round so suddenly.

### CONCEDE BROWN'S ELECTION

"As things are reported to me the situation seems to be Brown's," said W. R. Castle shortly before 2 o'clock this afternoon. W. R. Castle, it may be unnecessary to explain, is president of the Civic Federation which interjected Henry into the fight. "I think that Brown will be elected and I hope that when he is he will be a good sheriff for Oahu. I never have believed that Brown was in any sense personally a gainer from graft or from grafters, but I did think that he should have known about certain things that were going on among his subordinates."

"No," The Civic Federation has nothing to regret in the defeat of its candidate so long as the man who is elected has been impressed with the idea that the Federation's eyes are on him."

### BROWN'S ESTIMATE

"With the exception of the 5th of the Fourth and the 10th of the Fifth I am running ahead of my estimate," said Sheriff Arthur M. Brown at 3 o'clock this afternoon. "In the 5th of the Fourth, Sam Johnson's precinct, I think that I am only a little ahead of Poeppoe."

and the same in the 10th of the Fifth. In every other precinct I am well to the front and it is all over except the cheering."

"Henry has dropped out of the race altogether. From the looks of things he will not figure even as an 'also ran.'"

### Gen. Wood Says Moros Are Not In Rebellion

SAYS THAT THE RECENT TROUBLES RESULTED IN EXPEDITION OF U. S. FORCES TO CAPTURE GANG OF MORO PIRATES WHO HAD COMMITTED DEPREDACTIONS AND VARIOUS OUTRAGES IN BORNEO—WILL BE ABSENT FEW MONTHS.

General Leonard Wood, U.S.A., is a was necessary to send out several expeditions against the Moros, but the trouble was not due to an uprising against our government at all, but to the fact that the Moros were being taken by the British authorities. A band of about a hundred Moros had been operating as pirates in Borneo. They committed depredations and killed about 33 people. When the British authorities made it too hot for them, the crowd took refuge in the archipelago. The British authorities then asked us to capture them. Several small expeditions were sent out but I soon saw that bloodshed was likely to ensue, so a larger force was sent after them. A few of our men were killed and a large number of the pirates were killed, and the rest captured. Those who were not killed are being held in await extradition by the British authorities.

"Conditions are very quiet in the Philippines. I left my children there and accompanied by Mrs. Wood am hurrying to Boston on private business. Preparations have been made about the islands for entertaining the Taft party. The various army officers have been advised of their coming. Comparatively brief stops will be made however in the smaller places. I will miss the party."

General Wood is the personal friend of President Roosevelt and was the colonel commanding the famous Rough Rider regiment during the Spanish-American war. The appointment of Wood as major-general in the regular army caused a great deal of friction but the President carried his point.

ment of the Philippines, which includes the Sulu group, Mindanao and the Paragua islands. "The report," said General Wood, "of an uprising of the Moros in that district was incorrect. It

### VOTING TOOK MOST OF THE STEVEDORES

SO S. S. MANCHURIA HAD TO POSTPONE HER DEPARTURE UNTIL TOMORROW MORNING.

The county election was the cause for the S. S. Manchuria having to delay her departure for San Francisco. The vessel arrived this morning from the Orient with 1,364 tons of freight for Honolulu. She was scheduled to depart at 5:30 o'clock but Captain Riley's stevedores were not around in the necessary number. They were absent about the polls, waiting to vote. The cargo of the vessel could not be discharged as fast as it otherwise would have been done. The result was that at 2 o'clock this afternoon it was found that the cargo could not be discharged in time to enable the big steamer to get away before dark so her sailing time was postponed until tomorrow morning at 9 o'clock. She sails from the Backfield wharf.
